... Women Determined to Make a Difference ...

Notes from the President

Greetings:

Well, it's finally arrived.....my last article as President. I have served on the board for several years and enjoyed each one. One of the best things about being a part of the WCC is to see a women's chamber member out in the community and immediately have a connection. I hope all of you feel the same way and continue to spread that type of good will within our community.

I want to take a moment to thank the officers and board members of the women's chamber. They work to help this organization thrive and continue to fulfill it's mission. I know that getting to "one more meeting" is never easy, but I truly appreciate your efforts in making the meetings and helping out with all the various fund raisers/ activities.

When I started my term as President, I thought about all the various women who composed the chamber. There are such a variety of people from all walks of life. It made my heart feel good to know that we are so diversified and yet, we stand together on so many principles. I do believe that we are

women determined to make a difference and that is why I used that as my theme over the past two years. I have seen so many women I want to emulate and I will take that with me as I leave the position of President.

Please continue to be dedicated to the efforts of the WCC. Attend the meetings because you really do learn something each and every time. Most of all, get to know the women in the chamber as they are all true treasures.

Thank you for the honor of being President. The new officers and board members will do an outstanding job in the year to come!

Cordially,

Paige Wymore-Wynn

President
